## DETAILED ACTION

### *Drawings*

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the “knife abuts against a bracket of the clamp” must be shown or the feature(s) canceled from the claim(s)—[It should be noted in Fig. 3 of the disclosed invention that an element, not described, is abutting bracket 16 of clamp 2’ and in Fig. 5 of the disclosed invention, the knife does not appear to abut bracket 16’ of clamp 23]. No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as “amended.” If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either “Replacement Sheet” or “New Sheet” pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner,

Art Unit: 3725

the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 6-8 and 10-12 are finally rejected under 35 U.S.C. 102(b) as being anticipated by either Durkee (US Patent 2,712,904) or Kershaw (US Patent 3,572,594).

The device of either Durkee or Kershaw meets the limitation of both the method and clamping arrangement of the disclosed invention including the method of forcing (fig.4 or fig. 3, respectively), exerting (fig.4 or fig. 3, respectively) and a knife disc (fig. 3 or fig. 2, respectively); a wear plate (34 or 37, respectively) fastened on the knife side of the disc; a knife (12 or 33, respectively); a clamp (36 or see marked copy fig. 3, respectively); and compressing means exerting a force substantially parallel to an axis of the disc outward from the disc onto the clamp; wherein the knife abuts (note: knife 12 of Durkee abuts via 40) against a bracket of the clamp and the wear plate is provided with a matching groove for the bracket (fig. 4 or fig. 3, respectively), a projection, matching notch and matching groove (fig. 4 of Durkee). Applicants' attention is also directed to the marked copy of figure 4 of Durkee and figure 3 of Kershaw.

***Response to Arguments***

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
